

REMARKS

The Office Action dated October 3, 2003 and the advisory action dated November 24, 2003, and the references cited therein have been carefully considered. New claims have been added that better define the invention. It is the applicant's belief that the new claims are novel and non-obvious in that the prior art does not describe or suggest a method of playing a game which simulates a knowledge based game in which a player has the opportunity to select a group of questions wherein each group of questions relates to a potential value that the player may earn, and wherein the answers to the question are presented to the user but the answer is randomly selected and presented to the player in the format of a knowledge based game.

In the light of the foregoing, the prompt issuance of a notice of allowance is respectfully solicited. Should the Examiner have any questions, she is respectfully invited to telephone the undersigned.

Respectfully submitted,

MARSHALL, GERSTEIN & BORUN LLP
6300 Sears Tower
233 South Wacker Drive
Chicago, Illinois 60606-6357
